Average Quilt Size Measurements

Quilts come in all shapes and sizes. As far as quilts are concerned, there is no “right” size.

This chart includes a clear quilt sizes chart to visually show standard quilt sizes as well as standard quilt batting.

Once you have the size of the bed + how much overhang you like figured out, there are a couple more measurements left to make – batting and backing.

The size of these two things depends on how you intend this quilt to be quilted.

If you baste and quilt it yourself, add a couple of extra inches for both the ***batting*** and the ***backing*** on each side is adequate.

If you would like a long arm quilter to quilt it for you, a 4" overhang for both batting and backing on each side is the standard requirement. If you are new to using a longarm quilter, double-check with them.

	PRE-CUT BATTING SIZES	STANDARD FINISHED QUILT SIZES
BABY		30” x 40” (very approximate)
CRIB/TODDLER	45” X 60”	30” x 52”
THROWLAP		36” x 52 (very approximate)
TWIN	72” X 90”	70” x 90”
EXTRA LONG TWIN		60” x 95”
DOUBLE/FULL	90” X 96”	85” x 108”
QUEEN	90” X 108”	90” x 108”
KING	120” X 120”	120” x 120”
CALIFORNIA KING		106” x 112”
